

LOUISIANA BOARD OF REGENTS

2003-2004 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS

DILLARD UNIVERSITY

Message from the Commissioner:

The following institutional report represents a critical component of the education community's effort to improve our state's teacher education programs at both public and private universities. This annual report is intended to keep Louisiana's citizens informed about the quality of our teacher preparation. In 2002, the first factor used in our accountability program was released – student passage rates on the teacher certification examination (PRAXIS). Last year, the formula was expanded to make the scores an even more meaningful catalyst for continued reform. As was the case last year, the scores have been calculated using a weighted formula that takes into account each institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a survey measuring completer satisfaction. Teacher preparation accountability is just one of the many benefits Louisiana is reaping from partnerships that have been created between universities and school districts to recruit, prepare, and retain teachers. Our goal is to provide every child in Louisiana caring and qualified teachers in every class every year – to ensure that truly no child is left behind.

E. Joseph Savoie
Commissioner of Higher Education

Mission of University

Dillard University is a private, historically black, church-related liberal arts institution. Dillard has as its purpose the development of graduates, who are broadly educated, culturally aware, concerned with improving the human condition, and able to meet the competitive demands of a global, technologically advanced society. To achieve this purpose, the university strives to create and maintain an academic climate that is conducive to the pursuit of scholarship through programs of excellence anchored in the liberal arts.

Student Characteristics of University

During Fall 2002, the university had a total enrollment of 2,200 undergraduate day and evening students. A total of 550 students were males and 1,650 were females. The majority of the students were from Louisiana with a total of 1,800 in-state students, 400 out-of-state and foreign students. Among students enrolled in the undergraduate program, 91% were black, and 9% were other races.

Accreditation and Approval of Teacher Preparation Program

The university is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). In addition, the university is accredited by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and Board of Elementary and Secondary Education.

Notable Features and Accomplishments of Teacher Preparation Program

- Primarily focused on educating students who are critical thinkers and problem solvers, the Division of Educational and Psychological Studies at Dillard University seeks to prepare educators and psychology graduates who have a high level of social responsibility and cultural competence so that they can shape the character of individuals and learning of diverse learners. The Teacher Education Program offers majors in the following academic areas: early childhood education, elementary education, elementary and special education, special education, middle level education, and secondary education.
- Historically, Dillard University was among the first universities in the state of Louisiana that required students to pass all parts of the Praxis before graduating.
- Education and psychology majors participate in study abroad opportunities through Crossing Borders. Students spend 6 weeks in the summer in Africa and one semester at a partner institution in the United States.
- Psychology and education majors receive over \$50,000 annually through UNCF and other private scholarships.
- Education and psychology majors participate in rigorous academic work through the Honors Program and the Melton Foundation. Honor students receive full-tuition scholarships plus housing, a computer, and summer internships. Students must commit to and show an interest in graduate school.
- Students have access to over \$4 million in grant funds received by faculty members through state and national grants.

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd)

- Psychology and education students participate in all-expense paid trips to local, state and national conferences. Their involvement and engagement in research has lead to the NASA Pre-Service Teacher Conference in Washington, DC; NASA Pre-Service Teacher Institute in several states; International Student Leadership Conference in Seville, Spain.
- In partnership with the New Orleans Parish School system, Dillard University has instituted the William Gilbert Academy to offer ninth grade students the opportunity to earn up to two years of college credit upon graduation.
- Through the collaboration of the Greater New Orleans Education Foundation, Orleans Parish Public Schools and local universities, the Division of Education is the Professional Development School partner of an elementary and middle school. The partner schools, along with the Division have agreed to put forth all efforts to increase student performance and achievements via reciprocal impact of partnering. The partnership has involved, but is not limited to, teacher and staff development, parent workshops, one-to-one student tutoring and student and faculty mentoring.
- At the beginning of each academic year, the Division of Education hosts a lecture and reception at a historic landmark in the city of New Orleans. The invitation list for the art education series includes local public school educators, Dillard University faculty and students, and other university faculty and students. Also, twice per year, distinguished educators who have demonstrated outstanding research and/or practice related to African American children serve as invited lecturers of The Hill and Ruby Williams Great Educator Lecture Series co-hosted by the Division of Education at Dillard University and The Greater New Orleans Education Foundation.

LOUISIANA BOARD OF REGENTS 2003-2004 TEACHER PREPARATION ACCOUNTABILITY SYSTEM

Dillard University

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the State. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During the second phase (which began in 2002), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by teachers of their satisfaction with their teacher preparation programs) are being assessed. In the future, additional factors will be assessed to examine such areas as: ratings of programs by first year teachers' mentors; retention of teachers after three years of teaching; and university-district partnerships. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in the State are working diligently to produce quality teachers who work effectively with PK-12 students.

III. TEACHER PREPARATION PERFORMANCE SCORE AND LABEL

A. Teacher Preparation Performance Score	=	$(\text{Institutional Performance Index} + \text{Quantity Index}) \div 2$
	=	$\{([\text{Certification Scaled Score} \times .875] + [\text{Graduate Satisfaction Scaled Score} \times .125]) + \text{Quantity Scaled Score}\} \div 2$
	=	$\{([136 \times .875] + [106 \times .125]) + 140\} \div 2$
	=	$(132.25 + 140) \div 2$
	=	$272.25 \div 2$
	=	136.1

Note: The Graduate Satisfaction Survey has been given a weight of .125 instead of .25 due to the fact that only the regular program completers' data were used. Future accountability cycles will use surveys administered to both regular and alternate program completers.

Note: The Institutional Performance Index is computed using only PRAXIS passage rate data for institutions with fewer than 10 survey respondents over 2 years.

B. Teacher Preparation Performance Label	=	Exemplary
The following scale was used to assign the label:		
Exemplary Teacher Preparation Program	=	Teacher Preparation Performance Score of 125.0 and above

The final score represents an adjustment to the 33-item mean to represent its equivalent out of 35 items for the 2002-2003 survey year. This was necessary in order to convert the survey scores to scaled scores and to merge scores for the two years of data reported for the accountability system.

A Baseline Score has been established for each individual teacher preparation program in Louisiana. The Baseline Score is the total number of regular and alternate program completers that completed teacher preparation programs between the dates of July 1, 2000 – June 30, 2001.

QUANTITY SCORE

A. 2002-2003 PROGRAM COMPLETERS

One-point is assigned to every regular and alternate program completer that completed teacher preparation programs between the dates of July 1, 2002 – June 30, 2003.

B. BONUS POINTS

In addition, one-half a point is assigned to every 2002-2003 regular and alternate program completer that met the criteria for each of the following teacher shortage areas.
